## INSTRUCTION FOR USE OF PARTS CATALOGUE

This parts catalogue is compiled all service parts and flat rate time (F.R.T.) for models **CRM 125 RM-RN-RP-RL-RR-RV**. The languages used in this parts catalogue are arranged in alphabetical order in English. (English—French—German—Spanish)

### I. How to order parts

#### 1. Informazioni necessarie

Information required Replacement parts orders must contain both the part number and the stamped number (s) as described below. This is because any changes and modifications of parts are registered at HONDA with the pertinent parts and stamped numbers.

#### Numbers needed

- (a) Carburetor parts: Part number and Stamped carburetor identification number
- (b) Engine parts: Part number and Stamped engine number
- (c) Frame parts: Part number and Stamped frame number

#### 2. Revisions

When modifications or additions to this parts catalogue are made, a revised edition will be issued at an appropriate time, with successively progressing revision numbers on the cover. We recommend obtaining such revisions in order to keep your parts catalogue up-to-date at all times. To check whether a parts catalogue revision has been issued, please contact your HONDA distributor.
